

# The 2nd AAMS Congress & Hippocrates Gala

Sleep Disordered Breathing And Craniofacial Growth And Development; Early Intervention And Patient Outcomes

**Chicago, IL, USA | March 1-5, 2017**

The Fairmont Chicago Millennium Park  
200 N. Columbus Drive, Chicago, IL 60601

**Co-Chairs** | Christian Guilleminault, PhD  
Irene Marchesan, PhD  
Maria Pia Villa, PhD

The Academy of Applied Myofunctional Sciences (AAMS) is an international non-profit and membership association engaged in advancing research, standards, education, and public health initiatives in the area of orofacial myofunctional therapy worldwide.

Orofacial Myofunctional Therapy has existed with various definitions in many countries and for many decades. Only recently has it started to gain academic attention at the top levels of healthcare research. The AAMS leads the future of myofunctional therapy through global networking, "cross-pollination" of research and therapy methods applied to many health care areas, with the vision to bring this important field into becoming a standard of care.

**Our Symposia will include myofunctional therapy applied to:**

Sleep Disordered Breathing  
Craniofacial Growth & Development  
Orofacial Pain  
Orthodontic Intervention  
Fascia and Posture

Orthognathic Surgery  
Genetics  
Public Health  
Frenum Surgery  
Obesity

**50+ Speakers**

**Groundbreaking Research**

**Research Priorities Workshop**

**Public Health Initiative Workshop**

**Frenotomy Standards of Care**

**World's Foremost Experts in Sleep  
Medicine Examine the Impact  
of Frenum Restriction**

910 Via De La Paz, Suite 106  
Pacific Palisades, CA 90272 USA

# Our Speakers & Workshops will Include:

## Nicole Archambault Besson, EdS, MS, CCC-SLP | USA

Emotions and Executive Functions: Integrating the Limbic System and the Prefrontal Cortex in Myofunctional Therapy.

## Rakesh Bhattacharjee, MD | USA

- Pediatric OSA, OMT & Obesity.
- A Call for OMT in Pediatric Hospital Care for Early OSA & Craniofacial Intervention

## Esther Bianchini, PhD | Brazil

Different approaches of Orofacial Myofunctional Therapy (OMT) in OSA patients.

**Workshop:** Different approaches of Orofacial Myofunctional Therapy (OMT) in OSA patients: isolated OMT or within interdisciplinary treatments (CPAP; Intraoral appliances; Hypoglossal Nerve Stimulation) [\[ \\$150 Workshop Fee \]](#)

## Eyal Botzer, DMD | Israel

Restricted lingual frenum-surgery and management.

**Workshop:** Surgical techniques for infant frenotomies. A practical workshop including live surgeries. [\[ \\$150 Workshop Fee \]](#)

## Kevin Boyd, DDS | USA

Pre-industrial fetal and infant/early Childhood Craniofacial Growth and Development.

## Marlei Braude Canterji, PhD, SLP | Brazil

OMT With Morbid Obesity and Bariatric Surgery: A New Standard of Care

## James Bronson, DDS, FBPI | USA

Myofunctional Therapy and Early Orthodontic Intervention: What Can Be Done for 0-3 & 4-7 Populations: ALF & OMT.

## Robert Corruccini, PhD | USA

Implications of the Human Evolutionary Past for Facial Myofunctional Variation.

## Linda D'Onofrio, MS, CCC-SLP | USA

Teaching Oromyofunction & Articulation to Special Populations.

## Michelle Emanuel, OTR/L | USA

Bringing Myofunctional Therapy to Precrawling Babies: Optimizing Oral Function and Posture from the first breath.

## Melania Evangelisti, MD, PhD | Italy

Standardized myofunctional exercises in children with sleep disordered breathing.

## Mariana Evans, DMD | USA

Evolution of facial form and function with 3D CBCT documentation: A call to action!

## Patrick Fellus, MD | France

From Suction Deglutition to Swallowing Deglutition by Cortical or Subcortical Networks.

## David Gozal, MD and Leila Gozal, MD | USA

Myofunctional Therapy: What We Know and What We Need To Know For It To Be a Standard of Care Across Medicine.

## Thierry Gouzland, PT, OMT | FRANCE

Anatomical and functional score of the oro-facial system : presentation and interest in an interdisciplinary team. Using an Application.

## Diana Grandi, MS, SLP | SPAIN

Protocol for Detection of Snoring and Sleep Disordered Breathing in Adults

## Christian Guilleminault, MD, PhD | USA

A Case for Myofunctional Therapy As A Standard of Care for Pediatric OSA.

## William Hang, DDS | USA

AIRWAY-kening (TM) Orthodontic and Myofunctional Therapy.

## Alison Hazelbaker, PhD, IBCLC | USA

The Faux Tie: When is Tongue-tie NOT a Tongue-Tie?

## Miho Imamura, PhD DDS | Japan

Myofunctional Orthodontic Treatment with MFT for the Long Term Stability.

## Bridget Ingle, RN, RM, IBCLC | Australia

Applying Myofunctional Support for the Breastfeeding Dyad.

## Triin Jagomagi, DDS, PhD, MSc | Estonia

An Ideal Allied Team Model for Orthodontic, Craniofacial, and OSA Intervention: OMT Centered Care.

## Sharon Keenan, PhD | USA

**Workshop:** Sleep Disorder Bootcamp. [\[ \\$150 Workshop Fee \]](#)

## Umakanth Khatwa, MD | USA

Introduction of OMT Into Pediatric Sleep, Dentistry, and ENT Medicine.

## Lawrence Kotlow, DDS | USA

Merging of medicine and dentistry in treating infants and toddlers.

## Lawrence Kotlow, DDS & Scott Siegel, MD, DDS, FACS, FICS, FAAP | USA

**Workshop:** Treatment of Tethered oral tissues using lasers. A comparison of different wavelengths and which laser is best for your type of practice. [\[ \\$300 Workshop Fee \]](#)

## Lois Laynee, PhD | USA

Creating the Brightest Future for Midline Anomalies.

## Stanley Liu, MD, DDS | USA

- The Stanford Surgical Algorithm: A Frenum Surgery Standard Of Care.
- Myofunctional Therapy and Sleep Surgery: New Standards of Care for MMA & and Hypoglossal Nerve Stimulation Surgeries.

## Darius Loghmanee, MD, FAAP, FAASM | USA

Moving Toward a Scalable Approach to Orofacial Myofunctional Screening and Treatment: Lessons from Population Sleep Health.

## Derek Mahony, BDS, MScOrth | Australia

Eustachian Tube Dysfunction and Tinnitus: A New Role for OMT.

## Irene Marchesan, PhD, SLP | Brazil

Application of Myofunctional Therapy in Various Fields of Medicine.

**Workshop:** Restricted Lingual Frenum: Diagnosis and Management. [\[ \\$150 Workshop Fee \]](#)

## Patrick McKeowen, MA, BBE | Ireland

The Critical Role of Myofunctional Therapy in Breathing: Performance Essentials.

## Joy Moeller, RDH, BS | USA

- Myofunctional Approach for Children 0 to 5 years of Age.
- OMT & ENT Screening Tools: A Proposal for New Standards of Care in ENT Medicine.

## Marc Moeller, BA | USA

Connecting Countries, Universities and Clinicians: Importance of Networking and Advocacy in Myofunctional Sciences.

## Sharon Moore, BS | AUSTRALIA

Calling all Speech Pathologists: Sleep Disorders are in Your Face.

## Maurice Ohayon, MD, DSc | USA

Myofunctional Therapy and Public Health.

## Judy Owens, MD | USA

Overview of Pediatric Sleep Related Breathing Disorders

## Maria Pia Villa, MD | Italy

- Frenum Evaluation in Children with and Without Sleep Disordered Breathing.
- Orthodontic treatment options and myofunctional therapy in children with SDB.

## Barry Raphael, DDS | USA

Integrative Myofunctional Orthodontics: Mixed Modalities in Practice.

## Nancy Rothstein, MBA | USA

Sleep: Essential for Health & Life.

## Sabina Saccomanno, MD | Italy

- A Proposal for New Standards of Care in Orthodontics: Inclusion of OMT.
- Specific Myofunctional Therapy Protocol in Children with Down Syndrome.

## Marisa Santos, DDS | Argentina

Early intervention in orofacial dysfunctions.

## Ricardo Santos, PhD(c) | PORTUGAL

New Protocols for the Screening of Myofunctional Disorders as Clinical Markers for OSA for SLPs.

## Naurine Shaw, BDS | Canada

Oral Muscle Dysfunction and Orthodontics.

## Steven Sheldon, MD | USA

Biology of Adolescent Sleep: What if he's not simply lazy?

## Valery Sinkus, PT | USA

Myofunctional Therapy, Frenum Release and Posture: The Critical Role of Fascia in OMT.

## Corinne Thery-Dumeix, MD | France

Very early orthopedic treatment before the age of six on patients suffering from Sleep-Disordered- Breathing

## Marileida Tome, PhD, SLP | Brazil

Myofunctional Therapy as a Core Aspect of Speech Language Pathology.

## Anastasia Vasileiu, DDS | GREECE

Mouth Close Campaign for Symmetrical and Healthy Children.

## Pia Villanueva, PhD, DDS | Chile

Good Oral Habits Since Day One.

## Heidi Widoff, RDH, COM | USA

Can Therapy Eliminate Recession?

## Hideharu Yamaguchi, DDS | Japan

Malocclusion Associated with Abnormal Function and Habitual Posture- Researching for the Clinical Evidence.

## Audrey Yoon, DDS, MS | USA

Ankyloglossia as a risk factor for maxillary hypoplasia

## Soroush Zaghi, MD | USA

- What is a "Sleep Surgeon"? How can I get the ENT's or Oral Surgeons in my community to help my patients with sleep and frenulum disorders?
- Restrictive lingual frenulum as a phenotype for upper airway resistance syndrome and obstructive sleep apnea

The AAMS is an international non-profit NGO and membership association engaged in advancing research, standards, education, and public health initiatives in the area of Orofacial Myofunctional Therapy Worldwide.
