Preliminary Program

The AAMS and IPOS Congress preliminary program details the events that take place for the whole duration of the congress.

Hundreds of professionals and prospective attendees receive this helpful planning tool prior to the congress mostly in the form of a pdf file sent to thousands that are part of our mailing list. This is a perfect opportunity to open a dialogue with prospective attendees while reaching the entire Myofunctional Therapy community.

Final Program

The final version of the program will be distributed on site in Rome, Italy to all of our meeting attendees which will contain complete details about the congress as well as information about the local area.
