The AAMS is an international non-profit NGO (501c3) and membership association engaged in advancing research, standards, education, and public health initiatives in the area of Orofacial Myofunctional Therapy worldwide. Membership and affiliate fees and other gifts to the AAMS are tax-deductible in the United States to the extent provided by law.

All of the above will also be listed in a directory and have a “Virtual Exhibit” Hall, which will all congress attendees will be driven too, and it will remain active for not only the congress “live hybrid period” through August 31, but will remain active for the 5 month viewing period (until October 1 for congress registrants, until December 31, 2020 for AAMS members). Furthermore, many 10s of 1000’s will visit the website and review the detailed 100+ page congress program and the ads and directory will live on.

There will be additional sponsorship opportunities for our 4 live forums (pending partner approvals such as the World Sleep Society and the International Pediatric Sleep Association, which will promote the AAMS 5th Congress AND the Forums: worldsleepsociety.org - pedsleep.org)

Contact AAMS Executive Marc Moeller, for more detail on these opportunities.

We have just begun to promote the congress at the end of last week, and are surging past 750 registrants this morning and imagine we will pass 2000+ in the near future. We will also accept registrations after the dynamic August period until the end of the year.
